EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gregory Turocy on 2/10/04.

The application has been amended as follows:

Claim 23, in the preamble, delete "claim 1", insert --claim 22--

2. The following is an examiner's statement of reasons for allowance: the rejection is withdrawn because applicant claims the subject matter of the applied prior art, Steffan, which qualifies as prior art under subsection (e), and the claimed invention were, at the time the invention was made, subject to an obligation of assignment to Advanced Micro Devices. Therefore, Steffan et al. is not a citable reference with respect to the subject application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to DuyVu n Deo whose telephone number is 571-272-1462. The examiner can normally be reached on 6:00-3:30; with alternate Friday off.
